Week 1:

Lesson 1 - Recognise tenths and hundredths

 **Get the Activity**

Y4 Spring Block 4 WO1 Recognise tenths and hundredths 2019

 **Get the Answers**

Y4 Spring Block 4 ANS1 Recognise tenths and hundredths 2019

Lesson 2 - Tenths as decimals

 **Get the Activity**

Y4 Spring Block 4 WO2 Tenths as decimals 2019

 **Get the Answers**

Y4 Spring Block 4 ANS2 Tenths as decimals 2019

Lesson 3 - Tenths on a place value grid

The place value grid shows 2 ones and 13 tenths.

If there are ten or more counters in a column, we can exchange them. 2 ones and 13 tenths is equal to 3 ones and 3 tenths.

 **Get the Answers**

Y4 Spring Block 4 ANS4 Tenths on a number line 2019

Lesson 5 - Dividing 1 digit by 10

A video player interface showing a grid of 100 yellow circles arranged in 10 rows and 10 columns. To the left of the grid is a green circle containing the number 100 and a division symbol $\div 10$. To the right of the grid, text reads: "1 hundred is equal to 10 tens." and "1 hundred divided by 10 is 1 ten." Below this, the equation $100 \div 10 = 10$ is displayed. The video player includes a play button, a progress bar at 13:17, and a settings icon.

How to Look After a Pet

Here is a picture of a pet dog with information about how to look after it.

Task

Your task is to write an information leaflet on how to look after a pet of your choice. Remember to include where it sleeps, what and how often it should be fed, exercise required and how to keep it healthy.

*Writing Task

*Grammar Task: Fronted adverbials (See separate sheet)

*Reading comprehension (See separate sheet)

*Topic activity (See Georgia Okeefe resource)
